

Only with your help can we bring the garden of Belmont House back to its former glory!!

## ORGANISATION

### GROUNDWORK SOUTH

Help Us Uncover The Overgrown Garden At Belmont House.

Groundwork South are looking for volunteers who would like to be involved in clearing and re-discovering the garden at Belmont House.

This historic property has a large sloping garden that has not been maintained for decades. We are slowly cutting through the brambles and bushes to reveal the original pathways and reclaim the garden.

When the work is complete in late summer the garden will be open to the public so that Lyme residents and visitors can enjoy a peaceful walk through this historic environment.

Please join us and get involved in a gardening group that will help create and maintain this beautiful site.

\* please note that this is an overgrown garden with a steep incline. Volunteers will need to be able to negotiate uneven ground and will require appropriate footwear and clothing. Tools will be provided.

## AVAILABILITY

To be agreed.

## HOW TO APPLY

**If this or any other volunteering opportunity is of interest to you please contact:**  
**Carol Davies, Volunteer Coordinator, Lyme Regis Development Trust.**  
**Tel: 01297 444570 Email: [volunteeringatlrtd@gmail.com](mailto:volunteeringatlrtd@gmail.com)**
